## UPDATES

### ● RESTROOMS

Construction of the restrooms has been ongoing. Outside structure is almost complete. Hopefully restrooms will be in use by fall this year. A great thank you to our donors who have contributed to this project.

### ● LIBRARY BRANCH

The new branch in Nawangisa village continues to grow. We are able to obtain furniture which facilitates learning for the children in a clean and comfortable environment.

**A great thank you to Third Church for providing resources towards the purchase of new batteries for the solar system which had been nonfunctional and partly damaged by lightning. We have installed a lightening arrestor to avoid future damage to equipment. Availability of solar power will enable utilization of the facility continuously by the children and community at large.**

## BUSOGA CHILDRENS ORCHESTRA

The children continue to learn music currently concentrating mainly on traditional African instruments. The foundation is in search of a music teacher to assist in teaching western instruments ..

### HOPE CLINIC

Hope children's clinic continues to provide needed services in the community. The facility provides care to an average of 350 children with acute illnesses a month. Third Church blessed us with much needed resources to purchase medications. This has enabled us to continue our mission of providing medical services at a highly subsidized price. Once again, thank you to Third Church for the generous contribution towards the upgrade of the clinic solar system.
